COLLEGE OF MEDICINE

RESEARCH INCENTIVE AWARDS PROGRAM

2009-2010 PROCEDURES

(Approved by the Faculty Senate Steering Committee DATE)

I. Program Overview

Research Incentive Awards (RIA) are now available to faculty in the College of Medicine. For 2009-2010, there will be a minimum of 1 new RIA and any recycled awards that may exist. The Office of Academic Affairs provides the funding for the new awards, whereas funding for recycled awards comes from the college. The specifics of the RIA program were developed through consultation between the Office of Academic Affairs and the Faculty Senate Steering Committee and approved by the latter.

II. Funding and Allocation of Awards:

Regardless of the contract length (9-months or 12-months), award recipients will receive a \$5,000 increase to their base salary retroactive to August 8, 2009, the start of the 2009-2010 contract.

In any given academic year, if any former recipients of RIA awards leave their employment at UCF, the award(s) will remain within the respective college or unit for “recycling” as **additional** RIA awards for the following academic year.

III. Faculty Eligibility

Nominations for the awards may be made by faculty, students, staff, alumni, or by self-nomination. The successful nominee must have an outstanding research, scholarly, or creative record that advances the body of knowledge in their field.

Nominees from the college must be continuous, full-time faculty holding tenured, tenure-earning, or multiyear appointments since August 8, 2005, the start of the 2005-2006 academic year. No candidate may be selected for a RIA award more than **once every five years**. Specifically, any faculty member who received a RIA increase that became effective August 8, 2005, or later is not eligible for a RIA this year. Any faculty member who received a RIA increase that was effective August 8, 2004, or earlier is eligible to compete for a RIA this year provided all other eligibility criteria are met.

IV. Application and Supporting Documentation

The accompanying application form must be used for all nominations. Documentation

and materials supporting the nominee's research or creative accomplishments must accompany each application.

V. Evaluation and Award Process

The college will **elect** a peer review committee of at least 2 faculty members, who will select the recommended awardees. The dean of the college may nominate a maximum of one additional faculty member to the committee. Candidates for an award are not eligible to serve on peer review committees.

The criteria for evaluating applicants' files provided here in no order of preference will include the following major categories, which are to be applied as appropriate for the discipline:

- value or impact of research and creative efforts both within the discipline and to society
- recognition of research and creative efforts by the individual's peers in the same or related disciplines
- publication and presentation of research and creative efforts
- external grant and contract support for the research and creative efforts appropriate to the candidate's discipline
- The peer review committee should take into consideration the fraction of time assigned (FTE) for research for all applicants.

The president, on recommendation from the provost and executive vice president and vice president for research and commercialization, will give the final approval for award recipients. After the approval by the president, Academic Affairs will notify all nominees of the results. In addition, the college will notify the all nominees of the results, which will include an explanation of the reasons for its recommendations.
