Cissy Glowth, Voting Member  
Kim Foy, Advisor  
Krishna Singh, Advisor  
Tracie Saunders, Advisory  
James Mangan, Advisor

Ina Carpenter Secretary/Advisor

### Absent:

Leandra Preston-Sidler, Voting Member  
Ryan Klimas, Voting Member  
Rachael Friant, Voting Member

### Visitors:

Brian Wormwood  
Amy Childs  
Chichi (Rosario) Pizarro  
Manny Guerrero

The meeting was called to order at 10:30 a.m.

The minutes of February 12, 2019 were approved with minor corrections.

## New Business

- II-A: Review changes to 2019-20 parking regulations. The changes to the Parking and Transportation regulations were reviewed and discussed. There was a motion and second to approve the changes to the parking regulations. The motion was unanimously approved.
- II-B: Library Loading Dock parking permit – requestor did not attend.
- II-C: Student concerned with nighttime safety – student did not attend the meeting. A request will be made that she attend the next meeting to address her concerns.
- II-D: Suggestion to relieve parking space problem – Chichi Pizarro. Given the number of 24-hour reserved spaces that may not be always in use, it was suggested that space owner information be available so that others may take advantage of the space when it is not used. Parking Services already encourages reserved space owners to allow co-workers to use their space when possible. No action needed on this request
- II-E: Service/shared fleet parking – Brian Wormwood – Brian is requesting two service spaces be designated Shared Fleet Parking. Two vehicles from Facilities will be staged in these spaces to be taken by departmental personnel that need to travel to other areas of campus, Research Park or area campuses. Each participating department will be billed separately. This will be a pilot program beginning with B term in mid-June through August 1. If the pilot is successful, we will look at expanding to other locations around campus. The goal is turnover of spaces – use what you need. The cost of signage for these spaces will be covered by the requesting department. There was a motion and second to approve the pilot program, and was unanimously approved.

## Old Business

III-A: Requests for reserved spaces

1. No New Requests

III-B: Expectant Mother Spaces:

- Currently we have 28 active spaces
- During January 2019, 4 new spaces were added and 8 spaces were removed that were no longer needed.

Discussions: The student transportation contract is currently being evaluated with 4 bidders in contention for the contract. Contract with 10-year busses must be in place by July 1, 2020.

The meeting adjourned at 11:50 a.m.
