The minutes from the meeting June 9, 2016 were approved.

## New Business

- II-A: Request for 9 vendor hang tags for 4 Bio Med spaces located in parking lot C-3. There are 4 spaces located in parking lot C-3 that are designated for Bio Med faculty and staff who are typically at the Burnett School of Biomedical Sciences (BSBS). They have requested 9 vendor hang tags to park in these spaces. Given the complex nature of their work, it is important that these employees have the ability to park quickly. There was a motion and a second that the BSBS be allotted 9 vendor hang tags. The motion was approved unanimously.
- II-B: Request for the time restrictions to be lifted for the Health Center patient spaces in parking lot C-3. Andy Rampersad will make contact with Ari Schein in Emergency Management to determine what possible ramifications may arise in case of a critical emergency for further discussion.

## Old Business

- III-A: Requests for Reserved Spaces:
1. Robin Knight, Sr. Director of Development, CECS. This request was unanimously approved.
  2. Michael McLaughlin, Associate Director of Development, CECS. This request was unanimously approved.
  3. Cherie Yestrebsky, Chair, Chemistry Department. This request was unanimously approved.
  4. Liz Stalvey, Coordinator, Industrial Engineering and Management Services. This was a space renewal as it had been approved in April of 2016 with a sunset provision. This request was unanimously approved with no sunset provision attached.
- III-B: Expectant Mother parking spaces review  
We currently have 1 space

Discussion: Upon completion of the extension of parking garage C, approximately 90 spaces on the first level will be designated as faculty/staff spaces and approximately 90 faculty/staff spaces now in parking lot D-2 will become student parking.

The meeting adjourned at 2:10 p.m.
