### 2023-2024 Topic Assignment Guidance in the Steering Committee

It is critical for the effective function of senate committees that all committees receive their assigned topics from steering as early as possible in the fall semester.

Steering's role in the assignment of topics is focused on the determination of the senate committee or committees best suited to work on each topic, and not on the descriptions, merits, or weaknesses of the topics.

To make the assignment process more efficient, this year we will open each topic with a motion that includes preliminary assignment of that topic to a committee or committees.

If there is no disagreement with the preliminary assignment, steering can quickly approve the assignment via unanimous consent and move to subsequent topics.

If a steering member would like to propose a different assignment, they may make a motion to amend the preliminary assignment. Steering will then consider the amended motion using standard parliamentary procedures outlined in Robert's Rules.

1	Personnel, Research,	Promote Faculty Success	We need to build a culture of Faculty Success, where we utilize forward thinking programs to enhance our faculty's capabilities in teaching, scholarship, and service and to provide pathways for long-term success at UCF. What can we do to enhance the success of our faculty?	Stephen King	8/24/23
2	UPCC, FCTL, Grad Policy	Artificial Intelligence usage in teaching	With Al becoming pervasive on campus and outside UCF, we should consider how to prepare our faculty to better teach students to be prepared for an Al world.	Stephen King	8/24/23
3	Research, IT	Artificial Intelligence usage in research	With Al becoming pervasive on campus and outside UCF, we should prepare our faculty to utilize Al tools effectively and ethically in research and scholarship.	Stephen King	8/24/23
4	B&A	Mapping hiring procedures and practices	All levels of the university appear to have significant delays in completing the hiring process. Hiring procedures appear to utilize linear series processes instead of parallel processing of hiring steps. Mapping out our hiring procedures may allow us to identify more efficient ways to complete all the required steps in a shorter period.	Multiple Deans, Stephen King	8/24/23
5	Steering	Senate role in regulation development	UCF Regulations and Policies outline critical procedures for all aspects of the UCF enterprise. Over the last year, new Policy procedures were enacted that required a short period of time for senate to weigh in on the early stages of policy development. To date, that change has been exceptionally well received by faculty and has ultimately led to better policy implementation and shared governance. However, no such role exists for the senate to weigh in on the early development of UCF regulations. The senate should outline and consider a similar procedure for Regulation development.	Stephen King	8/24/23
6	Student success, UPCC, UCRC	State college course and program equivalency	There are significant concerns that students transferring to UCF are not adequately prepared to succeed at UCF. One issue to consider is whether courses taught by state colleges are keeping up with current expectations of UCF preparedness and updated curriculum. A degree-by-degree examination of courses and programs taught at state college partners would identify potential inconsistencies in curriculum between UCF expectations for major readiness and what students are actually getting for instruction.	Stephen King	8/24/23
7	UCRC	Summer Course Approvals	All undergraduate course approvals must bgo through the UCRC. However, during summer, many courses are being approved by academic unit administrators "as an emergency" without UCRC faculty input. The UCRC should examine and consider how to include faculty-based approval for all courses, regardless of when the approval process occurs. Possibilities could include UCRC involvement during summer, or UCRC approval in the fall after tentative summer approval, or other options	Bill Self, Stephen King	8/24/23
8	Personnel	Joint appointment policies	Past cluster hires, and future similar hires have a relatively high percentage of faculty with joint appointments. What policies do we have to protect faculty that have joint appointments upon hiring, then go up for tenture following the guidelines of just one of the departments as though they had 100% effort in that single unit? Are there ways P&T guidelines could be amended based on the % effort from each side of a joint appointment or based on some other alternative?  Many of our committees close shop at the end of the spring semester, yet there is committee business that	Stephen King	8/24/23
9	Steering	Senate work over summer	should be considered over the summer. Alternatives to simply avoiding any summer work should be discussed and considered. This is especially important for review of courses and for review of university policies.	Joe Harrington, Stephen King	8/24/23
10	UPCC	Sharing draft policies with senate	UPCC considers and approves many critical policies that affect multiple aspects of the faculty teaching mission. Although there is a listserv for policies that are going to be considered by UPCC, that can be late in the policy developmet process. The UPCC is asked to consider the benefits of sending policies under development to the senate early in the drafting process, so that diverse faculty with a variety of expertise can examine the policies and provide feedback.		8/24/23
11	Grad Policy	Resources for graduate students	Many aspects of the UCF strategic plan rely on an increase in the number and effectiveness of our graduate students. The faculty senate should have candid conversations with the GSA about the needs of graduate students relating to retention and the ability to successfully complete their degrees. Initial analysis shows that graduate students do not have the same resources as undergraduate students for social activities, mental health resources, and control of fiscal resources designated for graduate students. The GSA has returned with active graduate student participation, so there is an opportunity for the faculty to work with the GSA to address the specific concerns facing graduate students.	Kaitlyn Crawford	8/24/23

12	B&A	Faculty 9 month to 12 month paycheck calculator	With the payroll data in our hands from workday, the yearly process for 9 month to 12 month payroll adjustment should be automated. It currently requires every faculty to attempt to do the calculations themselves, leading to a variety of preventable procedural errors.	Shannon Taylor, Stephen King	8/24/23
	Commencement, Convocation and		The faculty Bylaws require that CCR committee members are tenured faculty from each academic unit for membership. This is the only committee (besides P&T) that requires only tenured professors. Is there a valid reason to keep this limitation with only tenured faculty able to serve? This limitation prevents some		0.10.4.10.0
13	Recogntion	CCR committee membership	units from serving on the committee.	Florian Jentsch	8/24/23
14	UPCC, Grad Policy	Micro-credentials	Examine the merits and issues surrounding the use of micro credentialling in online and classroom programs.	Stephen King	8/24/23
15	UPCC, Grad Policy	Sabbatical Procedures for Thesis Mentors	We don't appear to have a policy relating to how faculty going on sabbatical can serve on their student's doctoral or thesis committees. If they choose to continue to mentor their students, do they get credit for that? If they choose not to mentor their students, what happens to the students?	Annette Bourgault - CON	8/24/23
	Personnel, University Athletics	Big 12 conference academic programs for faculty	Identify and promote Big 12 conference academic programs such as the Big12 Faculty Fellows program. What other programs are now available for UCF faculty, staff, and students?	Manoj Chopra, Stephen King	8/24/23
17	University Athletics	University Athletics committee and Big 12 membership	The University Athletics committee should examine its own committee duties, responsibilities, and membership with regards to potential new guidelines and expectations of the Big XII conference. The University Athletics committee should consider proposing changes to how it currently operates and/or to its current Bylaws, as needed.	Manoj Chopra	8/24/23
18	Research	Workday updates	The Workday transition is still a work in progress with faculty-related issues persisting. Last year's interactions between the Research Council and VP Hector provided a productive avenue for faculty concerns to be reported and monitored. Similar forums should be continued for the current academic year where individual faculty concerns can be raised and where updates to workday function can be presented.	Michael Proctor	8/24/23
19	B&A	University budget update	An update of the current year and past year university budgets should be presented in a format and detail comparable to what was presented in Spring 2022, while highlighting changes since the implementation of Workday and SET.	Michael Proctor	8/24/23

### Senate Resolution Process Guidance in the Steering Committee

The guidance for how the Steering Committee handles resolutions comes directly from our Bylaws and from Roberts Rules.

**The Faculty Bylaws Section VI. A. 2** lists the Duties and Responsibilities of the Steering Committee. Point f is relevant to the consideration of resolutions and states:

f. To consider resolutions forwarded by Senate committees and to forward them to the full Senate or refer them back to the Senate committee.

### Roberts Rules states the following about Bylaws in 56:68 point 4)

If the Bylaws authorize certain things specifically, other things of the same class are thereby prohibited.

### Resolutions brought forward by a senate committee:

For resolutions forwarded from committees, the Bylaws reveal that there are only two possible motions that can be made in Steering. First, Steering can approve the resolution and send it to the full senate, where it will be on the agenda for consideration. Second, Steering can refer the resolution back to the committee it came from. (Note: Resolutions referred back to committee are typically accompanied by a brief description of one or points that Steering would like to be addressed in the committee.)

Roberts Rules makes it clear that by listing just those two options in our Bylaws, no other parliamentary actions can be considered in Steering for those resolutions that were forwarded from a senate committee. To state this another way: this means that amending the resolution, postponing the resolution indefinitely, or other parliamentary actions are NOT permissible. Therefore, discussion of the resolution should only be for the purpose of informing that single decision Steering has.

### Resolutions brought forward by a faculty member:

There are no parliamentary stipulations on resolutions that are brought to Steering directly by a faculty member(s) and not through committee. Such resolutions can be fully debated and amended prior to any decision as to the next step to be considered for the resolution. Steering can forward such a resolution to the Senate, can refer it to a committee, or take any other appropriate parliamentary action upon it. Such resolutions that are forwarded to the Senate will be placed on the upcoming agenda.

### Can resolutions from committees ever be amended?

Resolutions from committees can be amended at our full Senate meetings, but not at Steering. If Steering members believe that a resolution should be amended they can either send that resolution back to the committee or they can propose their amendment at the full senate meeting and can encourage others to do so as well. Please send amendments to be proposed to the senate office ASAP so we can prepare and have those amendments ready to share prior to the Senate meeting.

1 Resolution 2023-2024-1 2 **Bylaws Amendment Resolution** 3 **Inclusion of Instructional Designers on Faculty Senate Committees and Councils** 4 5 Whereas, Instructional Designers are included in the definition of faculty for the Faculty Senate 6 in Section I.A.5 of the Faculty Bylaws; and 7 8 Whereas, prior to being included within the definition of faculty for Faculty Senate 9 representation, Instructional Designers were explicitly included in the membership of several 10 Faculty Senate committees by title; and 11 12 Whereas, the Division of Digital Learning is considered an academic unit for the purposes of 13 Faculty Senate representation in Section I.A of the Faculty Bylaws and thus faculty from this unit 14 will be included in Faculty Senate committee membership whenever committees include faculty 15 from each academic unit; and 16 17 Whereas, those committees that explicitly include Instructional Designers by title and that also 18 include a faculty member from each academic unit would now have two Instructional Designers 19 as members in the upcoming year (one by title and one by academic unit); and 20 21 Whereas, Instructional Designers would be able to provide significant input on topics coming 22 before the Graduate Curriculum committee, yet are not generally able to obtain graduate 23 faculty status, as required for service on Senate Graduate committees; and 24 25 Whereas, the bylaws for the Faculty Senate Personnel Committee state that all committee 26 members from academic units must be at the two higher faculty ranks per position; therefore 27 28 Be it Resolved, to amend the Faculty Bylaws to remove the explicit inclusion of Instructional 29 Designers by title in those Faculty Senate committees where the Division of Digital Learning 30 would also have a faculty member included by academic unit; and 31 32 Be it Further Resolved, to amend the Faculty Bylaws of the Graduate Curriculum Committee to 33 include an Instructional Designer as a voting member of the committee; and 34 35 Be it Further Resolved, to amend the Faculty Bylaws of the Personnel Committee to include the 36 ranks of associate or senior Instructional Designer in the committee membership description. 37 38

### **Summary Notes for discussion:**

1. This Bylaw amendment would remove the explicit inclusion of Instructional Designers by title from the following committees:

FCTL Advisory Committee Library advisory Committee Strategic Planning Council Textbook Committee

- 2. Additional changes are needed for the Personnel Committee membership bylaws to include Senior or Associate Instructional Designer as all committee members must be at the corresponding higher ranks.
- 3. Instructional designers will still be present by title on the Information Technology committee because no faculty are appointed solely be academic unit.
- 4. Instructional Designers will be included in the membership of the following committees when faculty are appointed by academic unit:

Steering (but occur after apportionment),

Committee on Committees (but occur after apportionment),

B&A,

Undergrad council (total of 2 committees),

Academic calendar,

Faculty and Staff benefits,

FS Campus Safety and Security,

FS Student Success,

GURC.

University Athletics Advisory,

University Honors,

University Master Planning,

University Travel Awards.

5. Instructional designers will not be automatically included as faculty on the following Faculty Senate committees as detailed below:

Graduate Council 4 committees: (must be grad status, bylaw amendment requests addition to Grad Curriculum only from these committees)

Research council: (only associate/full prof plus librarians on the committee)

Admissions and Standards: (unless chosen)

Commencement, Convocations and Recognition: (tenured only)

University Parking and Transportation: (unless chosen)

University P&T: (IDs not part of this process as NTT faculty)

# Resolution 2023-2024-2 Bylaw Amendment: Faculty Senate Officer Election Procedures

**Whereas**, Faculty Senate officer elections occur annually by secret ballot elections at the first meeting of the newly seated Faculty Senate at the end of each spring semester; and

**Whereas**, the current Faculty Bylaws relating to officer elections contain potential calendar discrepancies, unclear and conflicting language, and limitations on putting forth willing candidates, and have been open to varied interpretation each election cycle; and

**Whereas**, Faculty Senate officer elections are one of the most visible and critical acts the senate performs, and the Faculty Senate would be best served by clear nomination and election procedures that are fair, transparent, and follow agreed upon procedures that are plainly defined in the Faculty Bylaws; therefore

**Be it Resolved**, the Faculty Bylaws shall be amended and replaced in Sections III.B, IV.C and VI.A.5.b with the text detailed below:
