The meeting was called to order at 9:00 a.m.

The minutes from June 14 were approved.

New Business

- II-A: Bill Martin – Campus Master Plan Initiatives. Mr. Martin was unable to attend. The updates and initiatives will be presented at next meeting.
- II-B: SGA Resolution regarding motorcycle safety initiatives – requestor was not present. This item will be removed from the agenda unless a future request is made.
- II-C: Pro-rated permit fees for mid-term purchases – Committee members are to take this idea to constituents for discussion
- II-D: Request from Brian Wormwood for 3 dedicated spaces in parking lot B-1 or B-2 to be used for shared fleet vehicles. University vehicles to be used by multiple users. Would not be a loss of any Service Vehicle spaces, but 3 dedicated spaces in one of the lots that employees could opt to use to travel to other campus or off campus locations. Discussions: How will the program be marketed? Who will be authorized to have access to vehicles? Also need to procure buy-in from the many entities located in Millican Hall.

Old Business

- III-A: Requests for Reserved Spaces
 - 1. No new requests

III-B: Expectant mother spaces: Currently we have 19 active spaces.

Discussion: Resident permit plan has been put in effect; signs are installed and warnings will be issued for a couple of weeks. The spaces regained from parking lot H-1, near Trevor Colbourn Hall will be labeled faculty and staff parking. There has been discussions as to enforcing a requirement for parking permits in Research Park.

The meeting adjourned at 10:00 a.m.
