### **Main Discussion**

1. Minutes of January 23, 2017 were approved as written.
2. Pedestrian safety around Garage C.

Krishna Singh and Bill Martin reviewed the existing situation about the construction around parking Garage C. Both proposed to have two signs directing all vehicles coming from the east side and south west side corner of parking garage C that says "Slow Pedestrian Crosswalk."

It was decided that two pedestrian signs, Slow- Pedestrian Crossing, will be installed at the CREOL and garage C intersection to alert drivers of the crosswalk in that area. (Kris Singh) - - See attachments.

3. Bari Hofman-Ruddy asked Krishna about the two-layer appeals process available to students but not to faculty members. Krishna explained the differences and suggested that Bari and Donna, who are both members of the University-Wide Parking Committee to bring the concern to that committee on their next meeting. In return, they can will let the committee know what they discussed.

Meeting Adjourned at 12:50 pm.
