Additional disabled spaces are currently being installed in parking lot H-2

The Transportation Review Committee for the Transportation contract will begin meeting to select the vendor that will provide shuttle services for the contracted period

Alexis Kerr, a student with disability parking concerns, addressed the committee with a need to have transportation from disabled parking spaces to buildings. Often times the distance from the parking lot or parking space to the building is too far to navigate. Ryan Klimas stated that SGA is in the process of addressing that issue and will work with Alexis to explore possibilities for a solution

The meeting adjourned at 9:50 a.m.
