Faculty Senate

Information Technology Committee
Minutes of meeting of Tuesday, October 10, 2023, 3:00 p.m.
Location: Zoom

- Call to order at 3:05 pm

- Approval of the Minutes for October 10, 2023 Meeting
    - Accepted

- Old Business
    - Use of third-party services that e-mail faculty
        - Causes confusion for faculty to decide between legitimate email and potential phishing
            - Some applications could be explored but most so not support sending from ucf.edu
                - Also, if they do, it can look like spoofing ucf.edu and trigger other security issues
            - However, surveys and such can be emailed ahead of time for faculty to "expect it" which will help
            - But will always require users to be involved for many
    - Cisco Umbrella DNS filtering
        - Library had an interchange with UCF IT
            - Members of UCF IT will meet with group from library but probably not until January (due to other events)
    - Artificial Intelligence Usage in Research
        - Review of ideas
        - Chad Macuszonok is collecting potential uses of AI in research (much like Kevin Yee does for teaching)

- New Business
    - Departure of Matt Hall
        - Sad to see him go
        - No interim has been named as of yet

- Meeting adjourned 3:35 pm
