### AGENDA ITEMS – New Business

II-A: Request from a full-time USPS staff member, Rashon Forbes, who is also a full-time student to be allowed to purchase a student parking permit. The Parking Services Admin System captures data and assigns permit types according to faculty, staff or student status. While the university does have employees who are both full-time staff and full-time student, Parking Services Office personnel cannot override the status assigned. Staff or faculty status takes precedence over student status. The Committee relayed to Mr. Forbes that it does not interpret regulations once they have been established.
