**RECOGNITION OF GUESTS**

Chad Binette, Associate Director, News and Information  
Diane Chase, Executive Vice Provost, Academic Affairs

**ANNOUNCEMENTS**

Members of the committee introduced themselves.

**REPORT OF THE PROVOST**

Provost Waldrop was not in attendance; however, Dr. Diane Chase provided an update on his behalf.

Administrative Reviews

During his first year, the provost set the goal of conducting administrative reviews of all of his direct reports. He started the process this summer, working alphabetically. Patricia Bishop and Diane Chase will be the first to be reviewed.

Administrative Searches

College of Sciences: The search for a new dean is almost complete.

College of Business Administration: The same search firm that brought us Provost Waldrop is being utilized to replace the outgoing dean. Dr. Lawless will be on campus next week to conduct initial meetings.

Undergraduate Studies: The provost asked Elliot Vittes to stay on as interim dean for one more year. This year will be used to examine the organizational structure of unit and consider what Undergraduate Studies should look like.

Withdrawal Deadline Change

Dr. Chase thanked the Steering Committee for their responsiveness to the question raised over the summer via email regarding moving the student withdrawal deadline. The administration

believes that this is a positive change and should reduce the amount of money we need to return in terms of financial aid. It will also provide students with more time to decide if they will be successful in their courses.

Dr. Chase suggested that the Faculty Senate may wish to address the issue of the importance of faculty providing students with feedback on their progress in a course prior to the withdrawal deadline. Dr. Cook noted that many years ago, the Senate discussed in length that faculty should have some graded feedback to students prior to this deadline.

The committee discussed the possibility of creating a resolution endorsing this. It was proposed that the committee refer this to the Personnel Committee so that they can create a resolution to bring to the September Steering Committee member. A question was raised over the practicality of that timing, given that it is not yet known when the Personnel Committee will be seated. Dr. Cook noted that the resolution could instead come from Steering.

A motion was made and seconded to bring proposed language for such a resolution to the first meeting of the Personnel Committee. Motion carried. The proposed language read:

“Given that the withdrawal deadline has been moved back, be it resolved that the Faculty Senate endorses asking faculty to provide feedback on progress to undergraduate and graduate students prior to the withdrawal deadline.”

The committee authorized Dr. Cook to revise the wording if necessary.

#### Faculty Affairs Changes

Dr. Chase announced that Lin Huff-Corzine is no longer in Faculty Affairs. She is currently on professional development leave and will be returning to faculty. Academic Affairs plans to have identified those who will be fulfilling the functions of that position within the next two weeks. The provost hopes to conduct a national search to fill the position

#### **OLD BUSINESS**

None.

#### **NEW BUSINESS**

##### Student Perception of Instruction (SPoI) Update

The technical folks have been working on the new SPoI and it will pilot in fall 2011. When students access the SPoI, the new form will be appended to the end of the old form. Students will not know that this is a new form as; there will be no apparent division between the two forms. The new form will not be binding on faculty members as no testing has been done on the form. Faculty will get the data they normally receive, and then later will receive a new report reflecting the additional questions that have been added.

A question was raised about whether colleges could opt to use the data from the new form. This new form cannot legally be used to review faculty; however, individual faculty could choose to include the data for Promotion and Tenure purposes.

A question was raised regarding the low response rate of the online evaluation process, and a committee member asked if there were any data for spring 2011. Dr. D. Chase stated that she will request these statistics and share them with the Steering Committee at the next meeting. Henry Daniell, senator from the College of Medicine, said that response rates in his college ranged from 5-15%. It is a dramatic drop from past years, and faculty received a memo from the director that no evaluations from last year will be used due to the questionable validity of the results. A question was raised about whether this is permissible according to the collective bargaining agreement, but it was noted that College of Medicine faculty are out of unit.

Dr. Cook stated that there is a need to raise response rates. A brief discussion followed on ways to motivate and encourage students to complete the form. It was noted that the reason for the low response rate for fall 2010 was due to reduced time that students had to complete the SPoI. A question was raised about how the timing of the Thanksgiving break will affect SPoI response rate. Dr. Cook will urge Computer Services to get this out so that we can get a bigger window of time for students to complete the surveys. Lastly, it was noted there had been a certain amount of drop out with the old paper method, depending on who showed up in class on the day the SPoI was administered.

#### Academic Integrity

Dr. Cook has been working with a committee developing proposals of ways to assist reinforcement of the culture of academic integrity. The committee hopes to streamline the reporting process of any events so that information flows better and the faculty member involved gets feedback. Once the proposal is complete, it will go to both the Undergraduate and Graduate Councils. The outcome of the committee's work will be announced publicly. Dr. Cook noted that Graduate Studies has already begun holding integrity training for all its PhD students.

A committee member suggested that sometimes the problem is simply that students don't know what constitutes cheating or plagiarism. The FCTL can be a good source of information for students and faculty. Rich Gause, senator from the University Libraries, offered a reminder that the library's Information Fluency module can be assigned and faculty can get a report on student performance. The module now has multiple question sets so students can retake the test. Mr. Gause offered to send the link to the modules to the Senate office the following day so that it could be forwarded to the committee.

#### Travel Committee

Dr. Cook has been working with a committee looking at international travel, specifically with regards to taking students to countries where they might be in danger and the responsibility of faculty to have a plan to keep students safe in the event of an issue. The committee is looking at best practices from around the nation. Dr. Cook asked people to let her know if they are interested in serving on the committee.

#### Webcourses – Americans with Disabilities Act (ADA) Compliance

In a recent email from Academic Affairs, faculty were reminded that they have a responsibility to ensure that materials posted in Webcourses are ADA compliant. Both the Center for Distributed Learning and Student Disability Services can assist faculty to ensure that their courses are compliant. A committee member expressed concern about the amount of notice they

receive regarding student with disabilities, especially for online courses. Dr. D. Chase noted that SDES tries to inform the faculty as soon as the student registers for courses, but sometimes students register for courses late or haven't been certified with Disability Services. In addition, it is important to include a statement in your syllabus directing students to inform of us their needs.

#### Faculty Senate Website

Dr. Cook announced that Lisa Sklar has been working on updating and improving the Senate website, and expressed her appreciation for Ms. Sklar's hard work. The 2011-2012 committees will be posted after committee assignments have been finalized.

#### Class cancellation November 3 for football game

Chad Binette, Associate Director of News and Information, announced that UCF will be hosting a football game on Thursday, November 3 at 8pm against Tulsa, and afternoon classes will be cancelled as a result. He mentioned that there is also another weeknight home game scheduled, but as it is during the Thanksgiving holiday break, it will not impact classes.

Mr. Binette thanked the faculty for their assistance in making things run smoothly last year. He announced that the policies will be, for the most part, the same as those from last year. The main campus will be closed at 12:30 p.m. and towing will begin at 1:00 p.m. He was happy to report that no vehicles were towed at last year's weekday game. In addition, he announced the following:

- Tailgating will begin at 2:00 p.m.
- Regional campuses will hold classes until 2:50 p.m. and will close at 3:00 p.m.
- The main campus library will close at 5:00 p.m.
- The Student Union will be open 24 hours
- Normal campus operations will resume the next day at 7:00 a.m.

Mr. Binette reminded committee members that parking closest to the stadium (gold lots) is reserved for those with the appropriate game day parking permit. Parking Garage B will be reserved for faculty and staff requests for those who need to be on campus for purposes not related to the game; however, due to low demand last year, only the first and second floors will be reserved. Faculty and staff who need to reserve space in the garage should contact Peter Wallace. Parking Garage H will have spaces available for cash purchase on gameday, with proceeds going to student scholarships. The best source for information is [www.ucfgameday.com](http://www.ucfgameday.com) and the game day help desk (407) 882-FANS.

Mr. Binette opened the floor for questions and suggestions:

Suggestion: put class cancellations due to games on the academic calendar.

Question: What time does the shuttle stop between the main campus and the Rosen and Medical campuses? There was confusion last year, and the last shuttle from Rosen was too soon after classes ended for some people to catch.

Comment: They may need to adjust the campus closing time. The closing time of 12:30 made sense last year because it works with a Monday/Wednesday/Friday schedule. The

Tuesday/Thursday class schedule is very different, and includes classes starting at 12:00 p.m. They probably don't want faculty to start their noon classes.

Mr. Binette said he would look into the issues raised. He said he plans to send another notice out to the faculty next week and provided his contact information for any other suggestions or questions: [Chad.Binette@ucf.edu](mailto:Chad.Binette@ucf.edu) or 407-823-6312.

A committee member noted that there is a Steering committee member scheduled for November 3. Dr. Cook will contact the committee about rescheduling the meeting.

#### Committee on Committees

Dr. Cook thanked members for their work on getting the committees staffed. We are farthest ahead in time as we have been in the past. Letters will be sent to the faculty regarding committee service. We still need recommendations for chairs for the various Senate committees, and need to identify Steering liaisons to those committees.

Membership lists for the Senate committees were distributed. Dr. Cook offered a brief overview of the role of Steering liaisons and solicited the following volunteers to serve as liaisons:

Budget and Administrative Committee - Arlen Chase  
Personnel Committee – H. G. Parsa  
Parking Advisory Committee – Reid Oetjen  
Graduate Council – Jim Moharam  
Undergraduate Council – Kelly Allred

Dr. Cook urged committee members to send her their suggestions for committee chairs.

#### Constitutional Revision

Dr. Cook stated that the Constitution's bylaws will need to be revised to coincide with regulations on promotion of non-tenured faculty due to the recent passage of the resolution supporting such promotions. There is some language in the bylaws that will need to be modified regarding the selection of committee members for the Promotion and Tenure committee. The Personnel Committee will need to address this in fairly short order so that it can go to the Senate by October at the latest. That timeline will ensure that non-tenured faculty who go up for promotion in the spring are properly represented on the Promotion and Tenure committee. Dr. Cook noted that this is not part of the collective bargaining agreement; these are non-tenured faculty going up for promotion. Rich Gause cautioned that the committee needs to make sure that wording changes do not impact the faculty from the Libraries, as they already have a promotion process in place.

#### Call for Topics for Standing Committee Action

Dr. Cook solicited topics for the Senate committees to address in addition to those already discussed. The following items were discussed:

- A progress report on how UCF is doing in energy conservation and green efforts.
- Explore the issue of smoking on campus

- A committee member suggested that a committee could explore the possibility of a center for research for the entire university, similar to the Faculty Center for Teaching and Learning, but focused specifically on research. Other committee members noted that most colleges handle this internally. In addition, part of the funding for the Office of Research and Commercialization is for providing outreach and assistance to the colleges.

### **COMMITTEE REPORTS**

None

### **OTHER BUSINESS**

Dr. Cook reminded senators that the President's Reception will follow the Faculty Senate meeting on August 25, 2011.

### **ADJOURNMENT**

The committee adjourned at 5:31 p.m.

# PROMOTING ACADEMIC INTEGRITY AT THE UNIVERSITY OF CENTRAL FLORIDA: EXECUTIVE SUMMARY

August 1, 2011

In the spring of 2011 Provost Tony Waldrop commissioned a task force to review and recommend improvements in UCF's academic integrity policies and processes. The task force concentrated their efforts on the following:

- 1) the evaluation and reform of the existing system for resolving reported instances of academic misconduct
- 2) the identification of concrete and sustainable strategies for enhancing the culture at UCF to place greater emphasis on our commitment to academic integrity.

The 10-member team created a series of recommendations for revising the current system and made suggestions for further action in the areas of faculty teaching and learning resources, policy review and reform, and student resources and support. Below is an overview of the team's recommendations.

## **Challenge One: Reforming the System**

The development of a new streamlined system that will improve efficiency, reduce duplication, and align course and program actions with conduct actions is recommended in order to address the lack of a coordinated, integrated, understandable, and efficient system for resolving academic misconduct allegations.

### *Highlights of the new model:*

- UCF will have one system for managing course, program, and conduct-level actions in instances of alleged academic misconduct in a reasonable timeframe. The proposed system allows for the coordination of both conduct and academic processes by requiring that the conduct process be resolved prior to the implementation of any academic sanctions.
- A revised notification system will minimize confusing communications to both students and faculty. It includes a new form, the Alleged Academic Misconduct Report, which will support tracking of cases and consistency in their disposition.
- Consequences for proven instances of academic misconduct will be applied more consistently and fairly among students at all levels (course, program, and college).
- The system binds all parties to uphold regulations and consequences.
- The system involves five streamlined stages to be accomplished within nine weeks:
  - Stage One: Identification of academic misconduct by a faculty member and in some cases students. Development of course-related sanctions in consultation with a chair and a dean if necessary. (*projected 10 business days*)
  - Stage Two: Formal meeting between a student and a faculty member to sign the Alleged Academic Misconduct Report that gives a student the opportunity to accept responsibility. The Z designation (for undergraduates only) and completion of an Academic Integrity Seminar will

be a requirement in all instances. Grade appeals will not be considered. (*projected 10 business days*)

- Stage Three: Review of the incident and possible imposition of conduct-related sanctions by the Office of Student Rights and Responsibilities using a new Academic Integrity Panel comprised of specially trained faculty members, staff members, and student Conduct Board members. A review will occur if there are previous academic misconduct incidents, the situation is judged to be egregious, or the student has not accepted the Alleged Academic Misconduct Report and the sanctions. (*projected 10 business days*)
- Stage Four: Invocation of academic course-related sanctions and possible academic program-related sanctions after review by appropriate academic departments and colleges. There will be one communication to the student describing both the conduct and academic sanctions. (*projected 10 business days*)
- Stage Five – Appeals process to the provost or designee based on one or more of the following: irregularities in fairness and stated procedures, discovery of new and significant information, and disproportionate sanctions. (*must be filed within seven business days after receipt of letter*)

### **Challenge Two: Changing the Culture**

The task force recommends university-wide efforts in the following three areas to promote a campus culture that demonstrates commitment to academic integrity.

#### *Faculty Teaching and Learning Resources*

1. The Faculty Center for Teaching and Learning and the Center for Distributed Learning will provide support for relevant pedagogical training.
2. The provost will charge various entities with responsibility for development and dissemination of policies and practices.
3. The provost will recommend a change in course syllabi policy to include academic integrity expectations as a required component.
4. College and department leaders will establish support systems such as faculty mentors and create specific plans to keep academic integrity issues a priority.

#### *Policy Review and Reform*

1. The Faculty Senate Ethics Task Force will review definitions of academic integrity and explore ways in which to reach consensus on appropriate expectations as well as to accommodate differences among fields of study.
2. The Office of Academic Affairs will establish guidelines for implementation and reporting across colleges, including plans for informing faculty and making academic integrity plans transparent.
3. The Office of Undergraduate Studies and College of Graduate Studies will investigate the means for recurring academic integrity dialogues, such as “Ethics across the Curriculum,” the GEP, the Unifying Theme.

*Student Resources and Support*

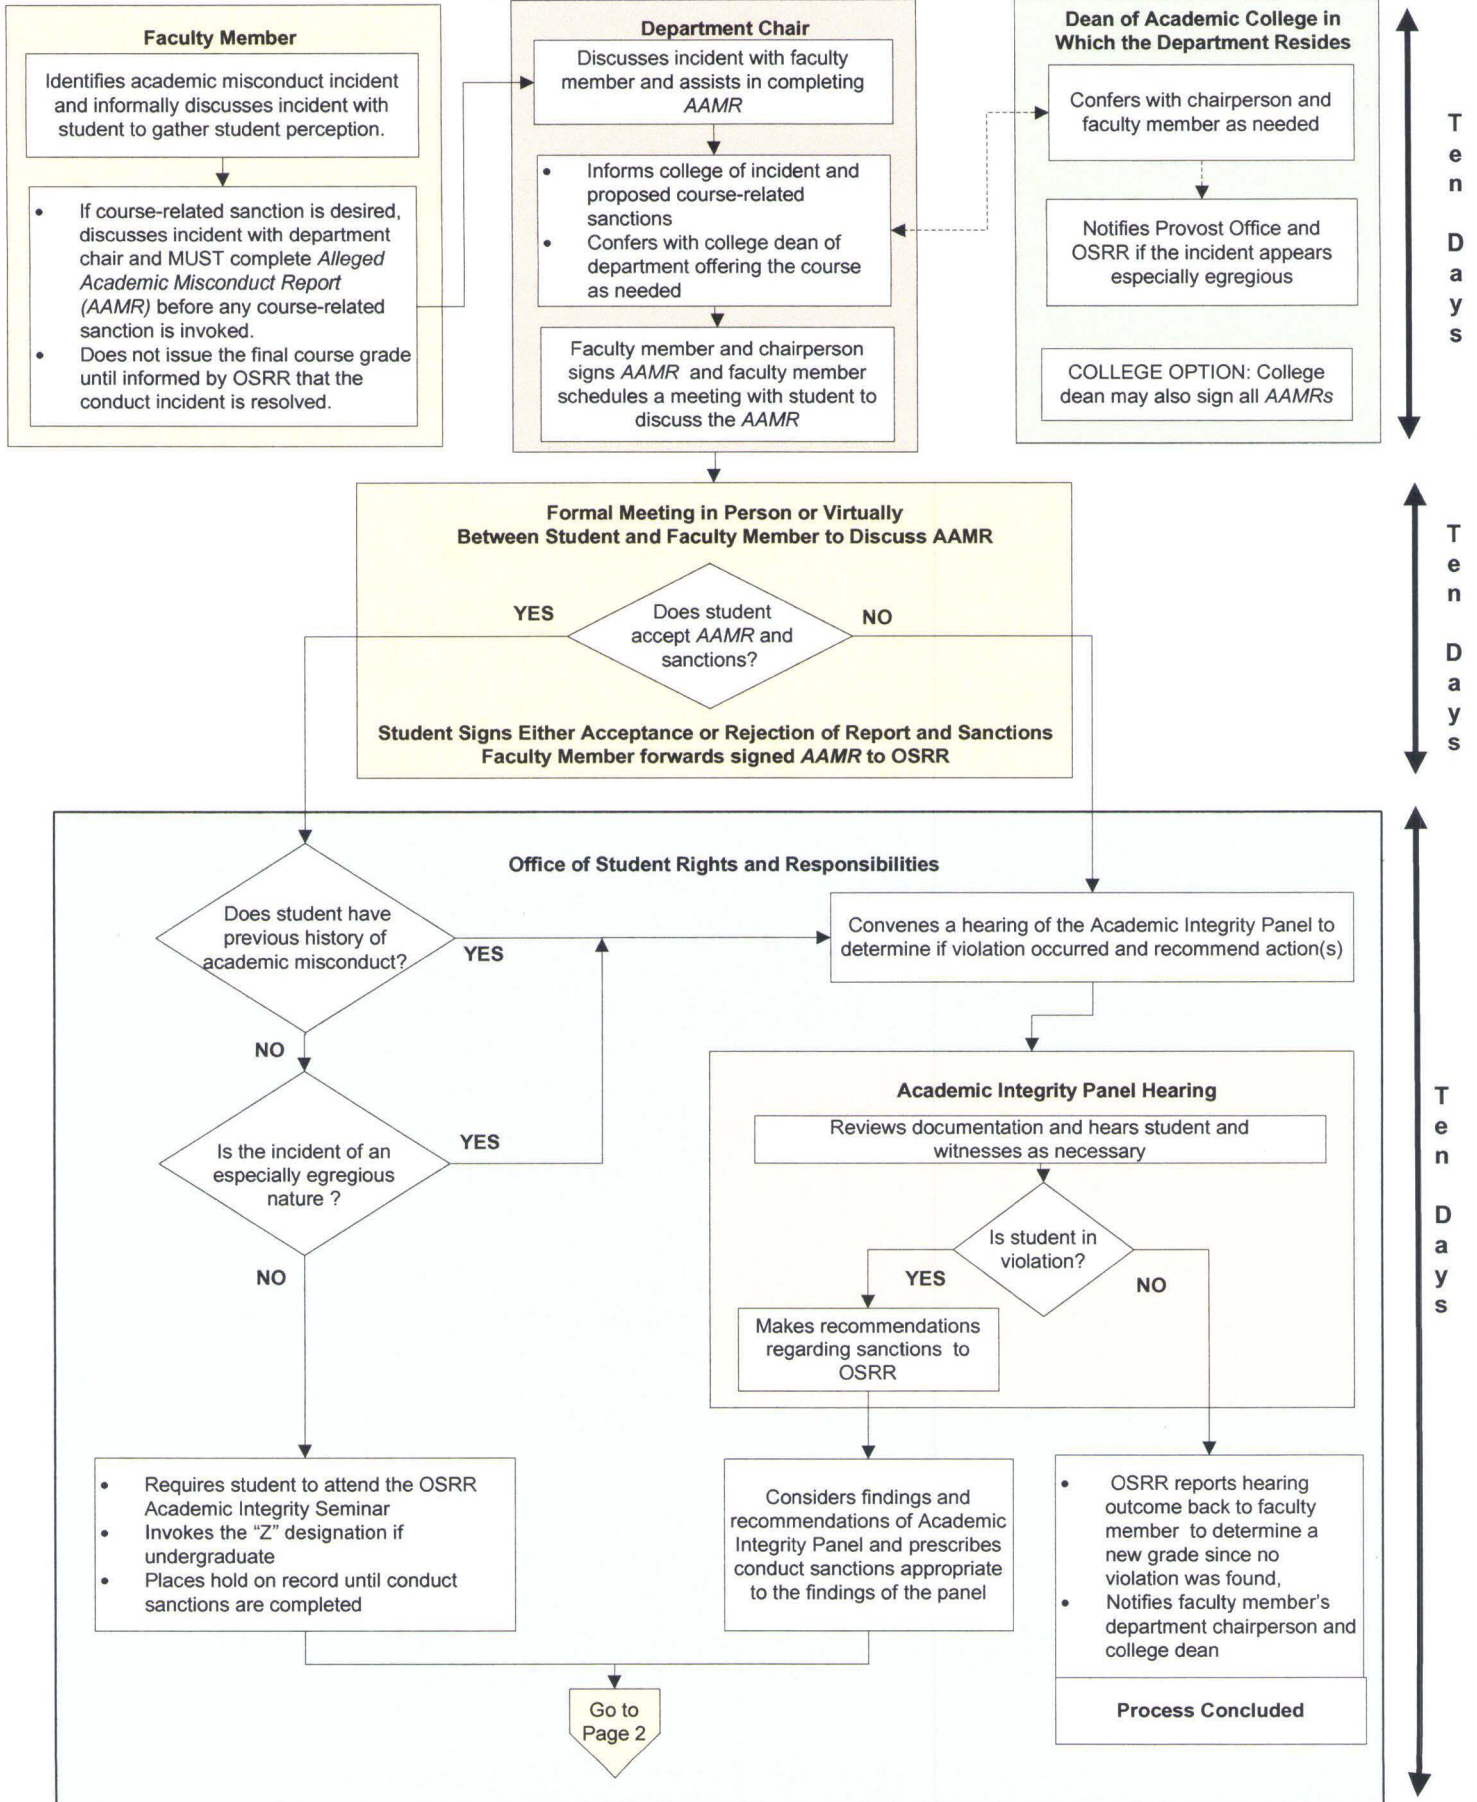

1. The UCF INTEGRITY website will be updated and promoted regularly by the Office of Student Rights and Responsibilities.
2. Academic integrity learning modules will be required for all new undergraduate students. All students newly admitted to doctoral programs will complete training in academic integrity and how to conduct research responsibly.
3. Students will be involved in creating recurring incentives, communications, social norming, and promotional campaigns focused on the importance of upholding academic integrity. Student focus groups will regularly be held to assess student needs and concerns regarding the intricacies of understanding how to demonstrate academic integrity.
4. Annual events will be planned such as “Ethics Week” to highlight these issues.
5. All efforts will recognize cultural differences among our students and adjust communications, incentives, and programs accordingly.

## **RESEARCH INCENTIVE AWARDS PROGRAM**

### **2011-2012 Procedures**

(Approved by the Faculty Senate Steering Committee, September xx, 2011)

#### **I. Program Overview**

UCF Research Incentive Awards (RIA) are available to faculty in the College of Arts and Humanities, College of Business Administration, College of Education, College of Engineering and Computer Science, College of Health and Public Affairs, College of Optics and Photonics, College of Nursing, College of Sciences, Rosen College of Hospitality Management, and Institutes and Centers (I&C).

For 2011-2012, there are up to 20 new RIA awards available. If a Research Incentive Award recipient of a college, or institute or center leaves university employment, their award will remain within the college, or will revert to the vice president for research (I&C awards only) for "recycling." These recycled awards will become additional UCF Research Incentive Awards for the following academic year. The Office of Academic Affairs provides the funding for these awards. The specifics of the RIA program were developed through consultation between the Office of Academic Affairs and the Faculty Senate Steering Committee. Additional awards are also available at-large (as detailed later) for all faculty and research staff, including those not in a college, institute, or center.

#### **II. Funding and Allocation of Awards:**

Regardless of the contract length (9-months or 12-months), award recipients will receive a \$5,000 increase to their base salary retroactive to August 8, 2011, the start of the 2011-2012 contract. The actual dollar amount awarded for the academic year 2011-2012 will be based on 9-month or 12 month employment. .

#### **III. Faculty Eligibility**

Nominations for the awards may be made by faculty, students, staff, alumni, or by self-nomination. The successful nominee must have an outstanding research, scholarly, or creative record that advances the body of knowledge in their field.

Nominees from the colleges must be full-time faculty holding tenured or tenure-earning positions. Nominees from the institutes and centers must be full-time employees in research staff positions who have served as principal investigators on contracts and grants awarded to UCF by an outside sponsor. Nominees from other academic units applying for an at-large award must be full-time faculty holding tenured or tenure-earning positions. All candidates must have served continuously since August 8, 2007, the start of the 2007-2008 academic year contract. No

candidate may be awarded a RIA more than **once every five years**. Specifically, any faculty member who received a RIA increase that became effective August 8, 2006 or later is not eligible for the award this year. Further, any faculty member who received a RIA increase that was effective August 8, 2005 or earlier is eligible for this year's RIA. I&C faculty who are members of academic departments should apply through their respective college.

#### **IV. Application and Supporting Documentation**

The accompanying application form must be used for all nominations. Documentation and materials supporting the nominee's research or creative accomplishments must accompany each application.

#### **V. Evaluation and Award Process**

Each college will **elect** a peer review committee\* of at least 5 **tenured** faculty that will select its recommended awardees. Dean of a college may nominate a maximum of two additional **tenured** faculty members to the committee. The Research Council will serve as the peer review committee and will select the recommended I&C awardees. A committee consisting of one representative from each college committee and one representative from the Research Council will serve as the university peer review committee to select the recommended at-large awardees. Nominees for at-large awards will include the runner-ups submitted from each college committee and I&C.

The criteria for evaluating applicants' files will include the following major categories to be applied as is appropriate for the discipline:

- Value or impact of research and creative efforts both within the discipline and to society;
- Recognition of research and creative efforts by the individual's peers in the same or related disciplines;
- Publication and presentation of research and creative efforts;
- External grant and contract support for the research and creative efforts appropriate to the candidate's discipline;
- All peer review committees should take into consideration the fraction of time assigned (FTE) for research for all applicants.

The president, on recommendation from the provost and the vice president for research and commercialization, will give the final approval for award recipients. After the approval by the president, each college, institute, and center will notify all nominees of the results, including an explanation of the unit's reasons for its recommendations.

*\*Candidates for an award are not eligible to serve on these peer review committees.*

## *COLLEGE OF MEDICINE*

### **RESEARCH INCENTIVE AWARDS PROGRAM**

#### **2011-2012 Procedures**

(Approved by the Faculty Senate Steering Committee, September XX, 2011)

#### **I. Program Overview**

Research Incentive Awards (RIA) are now available to faculty in the College of Medicine. For 2011-2012, there will be 2 new RIAs in addition to any recycled awards that may exist. The Office of Academic Affairs provides the funding for the new awards, whereas funding for recycled awards comes from the college. The specifics of the RIA program were developed through consultation between the Office of Academic Affairs and approved by the Faculty Senate Steering Committee.

#### **II. Funding and Allocation of Awards:**

Regardless of the contract length (9-months or 12-months), award recipients will receive a \$5,000 increase to their base salary retroactive to August 8, 2011, the start of the 2011-2012 contract.

In any given academic year, if any former recipients of RIA awards leave their employment at UCF, the award(s) will remain within the College of Medicine for “recycling” as **additional** RIA awards for the following academic year.

#### **III. Faculty Eligibility**

Nominations for the awards may be made by faculty, students, staff, alumni, or by self-nomination. The successful nominee must have an outstanding research, scholarly, or creative record that advances the body of knowledge in their field.

Nominees from the college must be full-time faculty holding tenured, tenure-earning, or multiyear appointments. All candidates must have served continuously since August 8, 2007, the start of the 2007-2008 academic year. No candidate may be selected for the RIA award more than **once every five years**. Specifically, any faculty member who received a RIA increase that became effective August 8, 2006 or later is not eligible for the award this year. Any faculty member who received a RIA increase that was effective August 8, 2005, or earlier is eligible to compete for a RIA this year provided all other eligibility criteria are met.

#### **IV. Application and Supporting Documentation**

The accompanying application form must be used for all nominations. Documentation and materials supporting the nominee's research or creative accomplishments must accompany

each application.

#### **V. Evaluation and Award Process**

A review committee comprised of 5 faculty members, one nominated by the Dean and the four most recent RIA winners will select the recommended awardees. Candidates for an award are not eligible to serve on peer review committees.

The criteria for evaluating applicants' files provided here in no order of preference will include the following major categories, which are to be applied as appropriate for the discipline:

- value or impact of research and creative efforts both within the discipline and to society
- recognition of research and creative efforts by the individual's peers in the same or related disciplines
- publication and presentation of research and creative efforts
- external grant and contract support for the research and creative efforts appropriate to the candidate's discipline
- The peer review committee should take into consideration the fraction of time assigned (FTE) for research for all applicants.

The president, on recommendation from the provost and the vice president for research and commercialization, will give the final approval for award recipients. After the approval by the president, Academic Affairs will notify all nominees of the results. In addition, the college will notify the all nominees of the results, which will include an explanation of the reasons for its recommendations.

UCF-TEACHING INCENTIVE PROGRAM (UCF-TIP)  
2011-12 PROCEDURES**

(Approved by the Faculty Senate Steering Committee, **XXXXXX**, 2011)

The Office of Academic Affairs provides the funding for these awards and the specifics of the UCF- Teaching Incentive Program (TIP) program were developed through consultation between the Office of Academic Affairs and the Faculty Senate Steering Committee.

**I. Awards:**

Regardless of the contract length (9-months or 12-months), award recipients will receive a \$5,000 increase to their base salary retroactive to August 8, 2011, the start of the 2011-12 contract. The actual dollar amount awarded for the academic year 2011-12 will reflect the employee's FTE for the year.

**II. Eligibility Criteria:**

A faculty member will be considered "**eligible**" for an award if all the following criteria are met:

1. The faculty member must be on a full-time, 9- or 12-month tenured or tenure-track appointment with the rank of professor, associate professor, or assistant professor; or be a full-time 9- or 12-month employee who is appointed to a rank which is equivalent to professor, associate professor, or assistant professor; or be on a full-time appointment as an instructor or a lecturer; or be under a multi-year non tenure-track appointment. Faculty on visiting (or similar temporary) appointments and faculty on less than full-time appointments are not eligible for these awards.

2. The faculty member must have a substantial teaching commitment at the University through classroom instruction during the **past four** academic years (2007-2008, 2008-2009, 2009-2010, and 2010-2011).

3. No faculty member may be selected for a UCF-TIP more than once **every five** years. Specifically, any faculty member who received a UCF-TIP increase in previous years that became effective August 8, 2007, or later is not eligible for this year's UCF-TIP. Further any faculty member who received a UCF-TIP increase that was effective August 8, 2006 or earlier is eligible for this year's UCF-TIP.

### III. Productivity Criteria:

An eligible faculty member will be considered a “**candidate**” for the award if the following teaching productivity criteria are met:

1. Total Credit Hour Productivity (CHP) **or** total Graduate Hour Productivity (GHP) must be at or above the college or department (or school) or “**unit**” median for **eligible** faculty. A **unit** is defined as any degree granting academic unit not within an established college. CHP and GHP are defined as the sum of classroom, web and media-enhanced credit hours (SCH) generated for the last eight fall and spring semesters (for academic years 2007-2008, 2008-2009, 2009-2010, and 2010-2011).

2. For CHP, SCH is defined as the total student credit hours (**total = undergraduate plus graduate**) from the final end of semester assignment reports. For GHP, SCH is defined as the total student credit hours (**graduate only**) from the final end of semester assignment reports. In either case, SCH excludes student credit hours for individualized instruction such as independent studies, practicums, internships, supervised research, dissertations, and theses. SCH also excludes student credit hours for overload assignments.

3. The total number of candidates for the award in the college is equal to the number of candidates based on CHP criterion **plus** the number of candidates based on GHP criterion.

### IV. Allocation of Awards to the College:

1. The funding from the Office of Academic Affairs provides for new UCF-TIP awards. For year 2011-12, there are up to 40 new awards. These new awards will be allocated to the college in proportion to the total number of faculty candidates determined above (rounded to the nearest integer), and shall have a minimum of one award.

2. In any given academic year, if any former recipients of UCF-TIP awards leave their employment at UCF, the award(s) will remain within their respective colleges or units for “recycling” as **additional** UCF-TIP awards for the following academic year.

3. The number of new and “recycled” UCF-TIP awards will be communicated to the college and to the Faculty Senate Steering Committee as soon as these data become available.

### V. Faculty Senate Oversight Committee:

The Faculty Senate UCF-TIP Oversight Committee will review faculty appeals of their eligibility or of data relative to their productivity and make recommendations to the Provost. Further, this committee will also review the data on allocation of new awards to the college as well as the data on “recycled” awards. No appeals of Selection Committee’s recommendations will be considered.

### VI. Criteria for Awards and Process for Selection of Award Winners:

1. Establishment of selection criteria and selection of award winners from the list of candidates for award as determined above will be the responsibility of faculty in respective college.

2. There will be two college (or unit) level committees **elected annually**: the Selection Criteria and Procedures Committee and the Selection Committee. Both committees will be composed of **elected** faculty and will have **departmental representation**. For “units,” as defined above, these committees will have no less than three and no more than five members. Both committees, to the extent possible, will be composed of faculty who previously won state-funded TIP or UCF-TIP awards. In addition to the faculty members, the Selection Committee will have a student member selected in accordance with the document prepared by each of the Selection Criteria and Procedures Committee. This document prepared by each of the Selection Criteria and Procedures Committees will be subject to approval by the Provost. Further, these documents will be provided to the Faculty Senate Oversight Committee. Faculty candidates for the award are not eligible to serve on the Selection Committee.

3. Selection criteria shall include teaching quality and effectiveness, continuing commitment to instruction, consideration of class size (large versus small), and innovation and creativity in instruction. Candidates will be asked to prepare a portfolio containing teaching assignments, student evaluations, and other supporting documentation for the past **four** academic years (2007-2008, 2008-2009, 2009-2010, and 2010-2011).

The Selection Criteria and Procedures Committee shall specify the **maximum** permissible size of the faculty portfolio (for example, one 2-inch three-ring binder).

4. The Selection Committee will review faculty portfolios and recommend award recipients to the Provost. The President will give the final approval for awards to the successful faculty members.

These new awards will be allocated to the college in proportion to the total number of faculty candidates determined above (rounded to the nearest integer).

2. In any given academic year, if any former recipients of TIP awards leave their employment at UCF, the award(s) will remain within their respective colleges or units for “recycling” as **additional** TIP awards for the following academic year.

3. The number of new and “recycled” TIP awards will be communicated to the college and to the Faculty Senate Steering Committee as soon as these data become available.

### **V. Faculty Senate Oversight Committee:**

The Faculty Senate TIP Oversight Committee, the Faculty Senate Steering Committee, will review faculty appeals of their eligibility or of data relative to their productivity and make recommendations to the Provost’s representative. Further, this committee will also review the data on allocation of new awards to the college as well as the data on “recycled” awards. No appeals of Selection Committee’s recommendations will be considered.

### **VI. Criteria for Awards and Process for Selection of Award Winners:**

1. Establishment of selection criteria and selection of award winners from the list of candidates for award as determined above will be the responsibility of faculty in the college.

2. The College of Medicine TIP selection committee will include six members, one nominated by the Dean, four most recent TIP award winners in the College of Medicine and a student member selected in accordance with the criteria developed by the Criteria and Procedures Committee. The TIP Selection Committee and Criteria and Procedures Committee will include the same committee members except participation by a student member in the Selection Committee.

The documents prepared by the Selection Criteria and Procedures Committees will be subject to approval by the Provost's representative. Further, these documents will be provided to the Faculty Senate Oversight Committee. Faculty candidates for the award are not eligible to serve on the Selection Committee.

3. Selection criteria shall include teaching quality and effectiveness, continuing commitment to instruction, consideration of class size (large versus small), and innovation and creativity in instruction. Candidates will be asked to prepare a portfolio containing teaching assignments, student evaluations, and other supporting documentation for the past **four** academic years (2007-2008, 2008-2009, 2009-2010, and 2010-2011).

The Selection Criteria and Procedures Committee shall specify the **maximum** permissible size of the faculty portfolio (for example, one 2-inch three-ring binder or a 6-page written document).

4. The Selection Committee will review faculty portfolios and recommend award recipients to the Provost. The President will give the final approval for awards to the successful faculty members.
