Kim Foy, Advisor  
Ina Carpenter, Secretary/Advisor

### Visitors

Fran Ragsdale  
Linda Walters  
Michael Deichen  
Patrick Bohlen  
Jennifer Elliott

The minutes from the meeting August 11, 2016 were approved.

## New Business

II-A: Expectant Mother Spaces – There has been some confusion as to the expectant mother spaces and if they become open to the general population after 5:30 as do other faculty and staff spaces. It was decided that the spaces should not become open spaces since those who are eligible for the spaces may teach or come to class after 5:30 p.m.

### II-B: Specialty parking permit request

1. Request from Anthony Campbell for 6 specific permits to be used for Health Center Staff, Visitors and Providers who have a late schedule or are on-call. There was a motion and second to approve these 6 permits. The motion was unanimously approved.
2. Request from Jennifer Elliott for 15 permits to be used for student and other volunteers for the Arboretum. There was a move and second to approve these 15 permits with the provision that those using them also have valid student parking permits. The motion was unanimously approved.

## Old Business

### III-A: Requests for Reserved Spaces:

1. There were no new requests

### III-B: Expectant Mother parking spaces review

We currently have 9 spaces and have accommodated 65 expecting mothers to-date.

Discussion: Taylor Scimeca expressed concern that parking for fall is more congested than in previous years. Andy Rampersad explained that the app that shows parking capacity in each garage is operational and the Park 'N Ride program has been successful.

There was discussion as to a different meeting date and time, given that some members have a class or a teaching obligation during the current time frame. Terry Wheeler will

solicit the most available day and time from each member and a new date will be set for the next meeting.

The meeting adjourned at 2:10 p.m.
